

## ACCESSIBLE, AFFORDABLE HEALTH CARE IS POSSIBLE.

*Your support makes it sustainable.*

Corporate Partnership at Cherry Health is an investment in community health that impacts our neighbors in communities across Michigan. It ensures delivery of primary care, dental, vision, behavioral health, pharmacy services, and more to 57,000+ patients.

### CORPORATE PARTNERSHIP

**Safeguards accessibility.** Comprehensive, primary, and behavioral health care remains accessible for all, no matter income or insurance status.

**Bridges the gap.** The average cost of a primary care visit is \$325. Yet reimbursement from insurance or patient self-pay averages \$93. Even with available funding sources, Cherry Health receives only 64% of the actual cost of care.

**Adds up!** Preventive, comprehensive care makes it easier to catch problems early—when they are less advanced and less expensive to treat. Nationwide, community health centers save the health care system \$24 billion every year. 1 in 14 Michiganders is served by health centers like Cherry Health, which returns \$5 of impact for every \$1 received.

## CORPORATE PARTNERSHIP WITH CHERRY HEALTH MAY BE A GOOD FIT IF YOU:

- 🍒 Serve an under-resourced population as part of your customer/client base.
- 🍒 Are not required by law to provide health coverage to staff but wish to support access.
- 🍒 Support health initiatives as part of your community giving plan.
- 🍒 Are seeking to align your priorities with an impactful investment.

### Those dollars can make a difference.
